

Take a Picture of this Page with your Phone.

1. When the onscreen Keyboard pops up its asking you to name the repo. You do not have to name it English. You can click the letter “a” and click the enter icon.
2. Now Its asking you for the case sensitive Repo Address. See the options below. For example, if you need English content. Enter “bit.ly/lmirhifi” and click the enter button or ok to save it.
3. Click download and cont. reading below....

Content	Repo Address
 English	bit.ly/lmirhifi
 Multilingual	bit.ly/lmirmulti
 Spanish	bit.ly/lmirspan

Click the back button until you are back on the main screen

Click the top menu and click SoraStream-Lite

find Cloudstream in your favorite sections of Kodi 18. Like 1-click movies, shows, Latino, international, etc for more specific tips.
